

# IL DIRITTO MARITTIMO

## DEAR SUBSCRIBERS

During the year that has elapsed since our message of March 19, 2014 negotiations have taken place with a view to ensuring that the publication of our journal, that Professor Francesco Berlingieri Sr. started in 1899, should continue and are happy to inform you that they have been successful, Professor Francesco Berlingieri Junior OBE remaining, as before, the Director of the journal.

The traditional four yearly issues will, for the **year 2014**, be published in the first part of this year. *Issue No. 1* has been completed and will be available before March 10. *The remaining three issues will be merged in one single issue* of about the same global number of pages and hopefully that issue will be ready for distribution before next August. They will be followed, in the second part of the year, by probably three of the **2015 issues**, the fourth following in the first months of 2016 so that timely publication will then be resumed.

The novelty is that the journal **will be published on line**, but the subscribers will have *the option of obtaining also the normal paper issues* by paying an additional amount.

---

The cost of the basic subscription, that will give access to the journal on line, will be of € 150

and the additional cost of the paper issues will be  
(so that the subscribers who will exercise the option will pay the same amount they have paid for the year 2013) € 120

---

- We are enclosing a *subscription form* in which the *two alternatives* are indicated.
- Upon hopefully receiving your subscription we shall issue the invoice.

Orders to be sent to the following email address:
